Absolutely. I can and will be there.

FYI... For the purposes of clarity and perception... I can't/won't have invites for this sort of thing come from Philly Trans, LLC. While I can and will work for the greater good, I can't act (or appear to act) as an "agent" or "partner" for Philly Trans. The Township of course, is a partner and or client.

Eric also asked that I attend a meeting on Monday with the Township's engineer in Doylestown. Same thing goes, I can't go at his request. But if the Township asks, it's not a problem. I'm sure you guys understand this.

I'm on mandatory unpaid vacation again tomorrow... and annual leave on Friday, but I'll touch base either Friday or Monday morning to firm up any details.

Thanks,

Myles

Hi Myles

I believe Commissioner Glenn Schaum and Eric Faust, Philly Transportation were talking about the public meeting on Monday July 8th, and one or both of them believe the Board of Commissioners and the Community might benefit if you were available to attend the meeting to answer questions in you area of expertise. Glenn said you would consider attending if you were officially invited. You know we would love to have you there to help educate the Community, so if you can make it that would be great.

Our meeting is at the Twp. Building at the address below. The meeting begins at 7:30 PM, and we normally address issues of interest of the folks in the audience first.

My guess is the Tank Car Corp discussion will be first or second

The Board has a lengthy agenda that night, so the discussion should not drag on, particularly since the Board knows of the meeting last week

Thank you for your consideration

Don B.
